400172-FOG

DETAILS & SPECS

Collection	LUKA
Width	72in/183cm
Depth	36in/91cm
Height	15in/38cm
Weight (lb)	547

DESCRIPTION

- Made from lightly textured glass-fiber-reinforced concrete in two colors: Fog and Chalk
- Lava rock included with purchase. Assembly required.
- Teak lid sold separately. Available in Natural, Weathered, and Clear Sealer. Lids backed with an aluminum plate. Do not attempt to cover the burner area with the lid until the fire table has cooled for at least one hour.
- Two gas source options: Plumbed for natural gas or propane tank
- NATURAL GAS: Professional installation by a licensed contractor required. Service must be performed by a qualified installer, service agency or gas supplier.
- PROPANE: Attaches to a standard 20 lb. propane tank (not included) with included 10' commercial-grade connector hose. The use of our Luka Side Table (sold separately) is recommended to attractively house the propane tank, which cannot be concealed within the fire table unit.
- Rated at 65,000 BTUs
- Lava rock will darken when exposed to heat
- For outdoor use only
- Not certified for outdoor cooking
- Warning: California Prop 65 due to use of natural gas
- CSA-approved for safe, sustainable, clean-burning fuel by the Canadian Standards Association, the sole organization that provides electrical and gas standards for the USA and Canada. Not certified for use outside of the USA and Canada.
- Prolong the life of your fire table with our custom-fit outdoor cover (sold separately).
- To ensure safe operation, follow included instructions and warnings
